

**Global model of “scientific thinking for young children”**

- Keep in mind:
  - Summary of the project !!!
  - Teacher courses → in-service training to improve the approaches of (pre) primary teachers in order to learn science
- Think Global !!!! Science .....

- Choose your own building bricks (individual)
- Compromise (group)
- Build ‘a scientific thinking wall’ (duo)
- Share construction of walls
- Compromise (group)

- “a wall of scientific thinking”

=

our model

????
